

I herewith register my daughter/son

for participation in the wind instrument class.

Participation in the wind instrument class is independent of the chosen profile (bilingual or STEM) and does not lead to a preferred admission at Dreilinden-Gymnasium.

I agree to the following conditions for participation in the wind instrument class:

- Participation is mandatory for two years (7th and 8th grade).
- The costs are 40.00 EUR per month for 24 months (including school holidays) during the 7th and 8th grade. These costs are for the loan of a wind instrument and for weekly group lessons during school hours (approx. 4 to 6 participants per group) with a qualified instrumental teacher.
- The wind instrument class takes place for two hours as regular music lessons and is independent of the choice of profile. In addition, there is an extra hour in which the instrument is taught by an instrumental teacher in group lessons.
- Registration is subject to the minimum number of pupils that must be reached for the wind instrument class to be established.
